Do you need transportation (circle one) YES NO

Circle one elective Auto or Technology

Honokaa High and Intermediate 2018 Summer Bridge Program

Purpose: Build writing and math skills that will prepare incoming ninth graders for high school. The Summer Bridge Program is a great opportunity for students to improve upon basic skills and get them ready for high school. Transiting from middle to high school can be difficult and scary for many of our students. This program will help build their confidence and improve their readiness for high school.

Students completing the program will receive .5 elective credits

Course Offerings

Each course is 45 minutes and students will rotate between all four courses

Course	Teacher	Focus
Math	Dawn Cordero	Build math skills necessary for Algebra I
Writing	Wesley Capdepon	Build basic writing skills focusing on the 6 Traits of Writing
Auto	Matt Mendes	Build a basic understanding of auto technology
Technology	Shelby Matsumoto	Expand your knowledge and skills around basic technology essential for high school

TO EMPOWER ALL STUDENTS WITH THE CONFIDENCE AND ABILITY TO PURSUE THEIR DREAMS
